Mr. Tony Meysen
Construction Project Coordinator, Engineering
Vancouver Fraser Port Authority
100 The Pointe, 999 Canada Place
Vancouver, BC Canada V6C 3T4

Dear Mr. Meysen:

**Re: Vancouver Fraser Port Authority – Project Permit PER No. 17-154
Site Upgrades and Road Realignment - Lynnterm – Amendment 02
Expiry Date – Extension**

Vancouver Fraser Port Authority (the port authority) has received your request to amend the Expiry Date of Project Permit PER No. 17-154 to June 30, 2020. The port authority understands that the request is a result of project scheduling delays.

The port authority has undertaken and completed a review of the requested amendment in accordance with the *Canada Marine Act*, section 5 of the Port Authorities Operations Regulations, and section 82 of the *Impact Assessment Act*.

As part of our review, the port authority considered additional information provided in the following supporting documents:

1. Email request for amendment from Hatch, January 21, 2020.
2. All correspondence with Hatch and Tony Meysen from January 21, 2020 to February 7, 2020

To meet the requirements of the *Impact Assessment Act*, the port authority posted a description of the requested amendment and notice of public participation to the Canadian Impact Assessment Registry and considered the factors set out in section 84. We concluded that the requested amendment is not likely to cause significant adverse environmental effects.

Accordingly, the port authority authorizes an amendment to Project Permit PER No. 17-154 to extend the expiry date; the Expiry Date for this permit is now **June 30, 2020**.
